Dear Sir/Madam,

Thank you for sending us local planning Pre-Submission Draft of the Kent Minerals and Waste Local Plan 2024-2039 - Regulation 19 Public Consultation January 2024. As the UK Health Security Agency (UKHSA) are not a statutory consultee, we would not normally comment on this type of planning application unless there are specific chemical & environmental hazard concerns which have the potential to impact on the health of local communities. Impacts on public health from local air quality, noise and contaminated land fall under the remit of the local authority and it is their responsibility to decide whether or not to comment on these aspects of the planning application.

The planning authority may wish to contact the local authority public health team for matters relating to wider determinants of health associated with this development/proposal.

If the local authority has any specific queries relating to potential impacts on public health from chemical & environmental hazard exposures, then they are welcome to contact us for advice.

Yours sincerely,
Gary
