

Highway improvements in your area

St David's Avenue & St Patrick's Road, Aycliffe

What we plan to do

Kent County Council are introducing bus stop clearways (yellow bus stop box markings) and 'at any time' waiting restrictions (double yellow lines) in St David's Avenue, Dover at the following locations:

- New bus stop clearway in St David's Avenue in the bus layby opposite no.190 & no.192
- New bus stop clearway in St David's Avenue at side of no.17 St Patrick's Road
- New bus stop clearway in St David's Avenue at the side of no.8 St Giles Road
- Waiting restrictions (double yellow lines) at the junction of St David's Avenue and St Patrick's Road

Plans are attached to show where the works are taking place.

When do we plan to carry out the work and how long will it take?

The work will take place on **Wednesday 15 January 2025 between the hours of 7pm and 7am** (overnight).

Why are we doing this work?

In March 2023, Kent County Council were allocated funding from the Department for Transport to support Bus Service Improvement Partnerships (BSIP). **The proposed works are taking place to improve bus service punctuality and enable buses to pull in close to designated bus stops** to enable passengers to board and alight more easily.

How you can help us

We need your help to make sure the work is done as quickly as possible and to the best possible quality. **We ask that if your vehicle is usually parked at the locations above, please park it somewhere else to enable these works to be carried out.** Cones will be placed to show the areas to be kept clear.

For your safety and the safety of our workforce, please drive carefully and slowly through the roadworks.

Feedback from our workers shows that too many drivers go too fast through roadworks. Everyone is entitled to a safe workplace and our staff work next to moving traffic and risk injury every day to maintain and improve the highway for everyone.
