Hi

I note that household waste items are to be moved up the waste hierarchy but there is insufficient explanation of how this will be done. I have witnessed many useful items being taken to the waste transfer stations eg wooden chairs, bicycles, toys, bookcases and other household items etc that are perfectly useable or could be easily repaired. Will such items be removed from the waste and offered to residents or taken to a facility that will sell, upcycle or repair them eg a local charity?

The consultation is being carried out under Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012 and is an opportunity to comment on the document before it is submitted to the Secretary of State for Independent Examination. Any views received will be forwarded to the Secretary of State for consideration as part of the Independent Examination.

The consultation closes at **midnight on Thursday 29th February 2024**.
