(*) Indicative Level of Service based on FY2023/24 Schedules

(1) At least one trip operating in weekdays between 7:00 and 9:00 AM

(2) At least one trip operating in weekdays between 10:00 and 13:00

(3) At least one trip operating in weekdays between 15:00 and 17:00

(4) At least one trip operating in weekdays after 19:30

(5) BSIP 1 - Expected network at the end of BSIP delivery period - Frequency Improvement (FQ) - Journey Time improvement (JT) - Extension (Ext) - New services (New)

(6) NDI1 - Sustain the Network - Services shown above as being supported by BSIP initiative NDI1 (Subject to NBS funding) are known services which will require ongoing support at the time of this BSIP submission.

It is anticipated that as the network evolves after June 2024 that this initiative may also support other services in the table should they become unviable or reduced by operators.

(7) NDI2 - Growth of Rebased Network - Services shown above as being indicatively supported by BSIP initiative NDI2 (Subject to NBS funding) are service currently operating.

It is anticipated that as the network evolves after June 2024 that this initiative may be adjusted to fit the network at time of implementation.

(8) NDI3 - Enhanced Connectivity to Key Services - Services shown above as being indicatively supported by BSIP initiative NDI3 (Subject to NBS funding) are based on current bus network.

It is anticipated that as the network evolves after June 2024 that this initiative may be adjusted to fit the network at time of implementation.

The Enhanced Interurban Corridor Strategy (EICS) transpiring from NDI3 will be complemented with a range of transport solutions for more rural areas (RTS).
