Dear Sir/Madam,

Thank you for providing West Sussex County Council with the opportunity to comment on the Draft Kent Minerals & Waste Local Plan (MWLP).

WSCC have worked jointly with the South Downs National Park Authority to produce the West Sussex Waste Local Plan (2014) and the West Sussex Joint Minerals Local Plan (2018, partial review March 2021). Both these plans recognise the strategic importance of planning for minerals and waste, and through the Duty to Cooperate, WSCC and KCC are party to a number of minerals and waste position statements and statements of common ground covering matters including soft and supply and landfill of waste, amongst others, that are of regional importance.

Upon review of the consultation documents, WSCC have no comment to make at this time. We look forward to continuing to work with KCC on matters of strategic importance.

Kind regards,

Eleanor Harman
