14 September 2024

Dear [REDACTED]

### **RE: A28 Sturry Link Road – CPO and SRO**

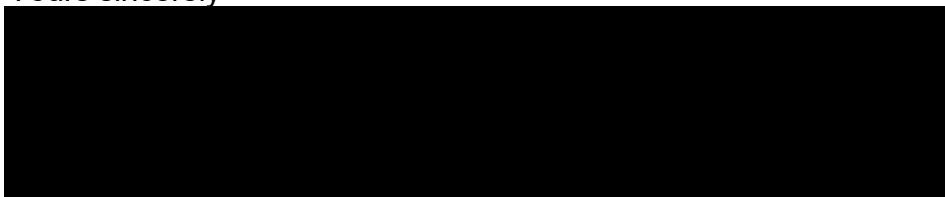

I am aware that your Proof of Evidence was written and submitted before you had received my letter of 5 September (Unfortunately the post went astray again and I only received a copy of your Proof of Evidence on Thursday after the National Casework Team forwarded me a copy). Hopefully, many of your points of concern have been addressed.

You will also have received the Inspector's Pre- Inquiry Note and the onus he places on us to agree common ground, or a joint position statement, and for that to be submitted to him by 20 September.

Obviously time is tight, but would you be available for a meeting next week. I am free Tuesday 17 September in the afternoon, or Wednesday 18 September in the morning. I am happy to come to Sturry or some other location if more convenient.

We cannot rely on the post, and so please call me on [REDACTED]

Yours sincerely

[REDACTED]
